Please write out directions and/or draw a sketch showing us exactly where you would like to have our bus(es) pick-up your group. We contract with several bus companies, so please originate your directions and/or sketch from a major route, highway, turnpike, etc. indicating approximate mileage from point to point. In choosing your departure location, consider the following: 1) Permission to park cars for the duration of the trip; b) Pay phone in case of emergency; c) Streets permitting buses; d) Sufficient parking and lighting; e) Low overpasses; f) Weight restricted bridges; g) Shelter in the event of inclement weather.
